ALLENSTOWN

16 School Street, Allenstown NH 03275

EPA NPDES Permit Number NHR041000

# Certification

**Authorized Representative (Optional):** All reports, including SWPPPs, inspection reports, annual reports, monitoring reports, reports on training and other information required by this permit must be signed by a person described in Appendix B, Subsection 11.A or by a duly authorized representative of that person in accordance with Appendix B, Subsection 11.B. If there is an authorized representative to sign MS4 reports, there must be a signed and dated written authorization.

The authorization letter is:

- Attached to this document (document name listed below)

- Publicly available at the website below

“I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.”

# Background

## Stormwater Regulation

The Stormwater Phase II Final Rule was promulgated in 1999 and was the next step after the 1987 Phase I Rule in EPA's effort to preserve, protect, and improve the Nation's water resources from polluted stormwater runoff. The Phase II program expands the Phase I program by requiring additional operators of MS4s in urbanized areas and operators of small construction sites, through the use of NPDES permits, to implement programs and practices to control polluted stormwater runoff. Phase II is intended to further reduce adverse impacts to water quality and aquatic habitat by instituting the use of controls on the unregulated sources of stormwater discharges that have the greatest likelihood of causing continued environmental degradation. Under the Phase II rule all MS4s with stormwater discharges from Census designated Urbanized Area are required to seek NPDES permit coverage for those stormwater discharges.

## Permit Program Background

On May 1, 2003, EPA Region 1 issued its Final General Permit for Stormwater Discharges from Small Municipal Separate Storm Sewer Systems (2003 small MS4 permit) consistent with the Phase II rule. The 2003 small MS4 permit covered "traditional" (i.e., cities and towns) and "non-traditional" (i.e., Federal and state agencies) MS4 Operators located in the states of Massachusetts and New Hampshire. This permit expired on May 1, 2008 but remained in effect until operators were authorized under the 2016 MS4 general permit, which became effective on July 1, 2018.

## Stormwater Management Program (SWMP)

The SWMP describes and details the activities and measures that will be implemented to meet the terms and conditions of the permit. The SWMP accurately describes the permittees plans and activities. The document should be updated and/or modified during the permit term as the permittee's activities are modified, changed or updated to meet permit conditions during the permit term. The main elements of the stormwater management program are (1) a public education program in order to affect public behavior causing stormwater pollution, (2) an opportunity for the public to participate and provide comments on the stormwater program (3) a program to effectively find and eliminate illicit discharges within the MS4 (4) a program to effectively control construction site stormwater discharges to the MS4 (5) a program to ensure that stormwater from development projects entering the MS4 is adequately controlled by the construction of stormwater controls, and (6) a good housekeeping program to ensure that stormwater pollution sources on municipal properties and from municipal operations are minimized.

## Town Specific MS4 Background (optional)

# Eligibility: Endangered Species and Historic Properties

\*Reminder: The proper consultations and updates to the SWMP must be conducted for construction projects related to your permit compliance where Construction General Permit (CGP) coverage, which requires its own endangered species and history preservation determination, is NOT being obtained.

---

Attachments:

- The results of Appendix C U.S. Fish and Wildlife Service endangered species screening determination
- The results of the Appendix D historic property screening investigations
- If applicable, any documents from the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), or other Tribal representative to mitigate effects

These attachments are required within one year of the permit effective date and are:

- Attached to this document (document names listed below)

- Publicly available at the website listed below

<http://thinkbluesuncook.org/>

---

Under what criterion did permittee determine eligibility for ESA?

- Criterion A     Criterion B     Criterion C

Under what criterion did permittee determine eligibility for Historic Properties?

- Criterion A     Criterion B     Criterion C     Criterion D

Below add any additional measures for structural controls that you're required to do through consultation with U.S. Fish and Wildlife Service (if applicable):

N/A

Below add any additional measures taken to avoid or minimize adverse impacts on places listed, or eligible for listing, on the NRHP, including any conditions imposed by the SHPO or THPO (if applicable):

## Public Education and Outreach

### Permit Part 2.3.2

**Objective:** The permittee shall implement an education program that includes educational goals based on stormwater issues of significance within the MS4 area. The ultimate objective of a public education program is to increase knowledge and change behavior of the public so that the pollutants in stormwater are reduced.

**Examples and Templates:**

[EPA's Stormwater Education Toolbox](#)

[MassDEP's Stormwater Outreach Materials](#)

Other templates relevant to MCM 1 can be found here: <https://www.epa.gov/npdes-permits/stormwater-tools-new-england#peo>

**BMP:Brochures/Pamphlets**

**BMP Number (Optional) 1** \_\_\_\_\_

**Document Name and/or Web Address:**

**Description:**

Information on pet waste included with tax bill; information provided with dog license registration; information available at Town Hall and online. Coordinate with local veterinarians to have information available.

**Targeted Audience:**

**Responsible Department/Parties:**

**Measurable Goal(s):**

Increased awareness of pet waste impacts to water quality.

**Message Date(s):**

**BMP:Newspaper Articles/Press Releases**

**BMP Number (Optional)** 1.5

**Document Name and/or Web Address:**

**Description:**

Promoting landscaping techniques to protect water quality via Fall/Spring press release in Concord Monitor

with techniques, notification of upcoming trainings (UNH CE/Soak Up the Rain/etc.); information available in site plan review application, information available at the Town Hall and online.

**Targeted Audience:** Businesses, institutions and commercial facilities

**Responsible Department/Parties:** Road agent

**Measurable Goal(s):**

Increased awareness of landscaping techniques among landscapers and promoting more water quality friendly landscaping practices.

**Message Date(s):** Early 2022

---

**BMP:Brochures/Pamphlets**

**BMP Number (Optional) 1.6**

**Document Name and/or Web Address:** <http://thinkbluesuncook.org/>

**Description:**

Promote proper sediment and erosion control management practices by including information in site plan review application. Also make available at the Town Hall and online.

**Targeted Audience:** Developers (construction)

**Responsible Department/Parties:** Town Planner

**Measurable Goal(s):**

Increased awareness of proper sediment and erosion control management practices.

**Message Date(s):** Early 2023

---

**BMP:Brochures/Pamphlets**

**BMP Number (Optional) 1.7**

**Document Name and/or Web Address:** <http://thinkbluesuncook.org/>

**Description:**

Promote proper management of dumpsters by including flyer in tax bill containing information on proper management of dumpsters. Make information available at the Town Hall and online.

**Targeted Audience:** Industrial facilities

**Responsible Department/Parties:** Road Agent

**Measurable Goal(s):**

Increased awareness of proper management of waste materials and dumpsters, including proper covering and pollution prevention

**Message Date(s):** Early 2023

**BMP: Training**

**BMP Number (Optional)** 1.8

**Document Name and/or Web Address:** N/A

**Description:**

Participate in trainings, as provided by NH DES, Stormwater Coalition, or other agency/group.

**Targeted Audience:** Town employees and departments

**Responsible Department/Parties:** Town Administrator and Department Heads

**Measurable Goal(s):**

Increased awareness and education on permit amongst town staff.

**Message Date(s):** Annually, late 2019 or early 2020

**BMP: Web Page**

**BMP Number (Optional)** 1.9

**Document Name and/or Web Address:** <http://thinkbluesuncook.org/>

**Description:**

Web Page to be maintained by Town. Will include electronic copies of promotional materials. Will also include outreach materials from the NH Stormwater Coalition and a list of resources.

**Targeted Audience:** All target audiences

**Responsible Department/Parties:** Town Administrator or Designee

**Measurable Goal(s):**

Website (or link to an MS4 site) established and maintained

**Message Date(s):**

---

**BMP:[BMP name here]Brochures/Pamphlets**

**BMP Number (Optional)** 1.10

**Document Name and/or Web Address:**

**Description:**

Promote septic system maintenance by including information on septic systems including maintenance, cost savings, and water quality issues in tax bills. Ensure information is available online and at Town Hall. Information will include materials from the EPA “Septic Smart” program.

**Targeted Audience:**

**Responsible Department/Parties:**

**Measurable Goal(s):**

Increase residents’ knowledge of septic system maintenance and water quality impacts.

**BMP: Map of Storm Sewer System**

**BMP Number (Optional)** 3.3

**Phase I Completed**   
(by year 5)

**Phase II Completed**   
(by year 13)

**Document Location and/or Web Address:**

**Description:**

Create map and update during IDDE program completion.

**Responsible Department/Parties:** Road Agent

**Measurable Goal(s):**

Map 100% of outfalls and receiving waters, open channel conveyances, interconnections with other MS4s and other storm sewer systems, municipally-owned stormwater treatment structures, waterbodies identified by name and indication of all use impairments, and initial catchment delineations within 2 years of the permit's effective date. Map 100% of outfall spatial locations, pipes, manholes, catch basins, refined catchment delineations, municipal sanitary sewer system (if available), and municipal combined sewer system (if applicable) within 10 years of the permit's effective date.

**BMP: IDDE Program**

**BMP Number (Optional)** 3.4

**Written Document Completed (by year 4)**

**Document Name and/or Web Address:** <http://thinkbluesuncook.org/>

**Description:**

Develop and implement IDDE program for catchment investigation, including dry and wet weather screening.

**Responsible Department/Parties:** Road Agent

**Measurable Goal(s):**

Conduct 100% of outfall screening on High and Low Priority Outfalls within 3 years of the permit's effective date. Complete catchment investigations for 100% of the Problem Outfalls within 7 years of the permit's effective date. Complete 100% of all catchment investigations within 10 years of the permit's effective date.

**The outfall/interconnection inventory and initial ranking and the dry weather outfall and interconnection screening and sampling results can be found:**

<http://thinkbluesuncook.org/>

**BMP: Employee Training**

**BMP Number (Optional)** 3.5

**Description:**

Train employees on IDDE implementation.

**Responsible Department/Parties:** Town Administrator & Department Heads

**Measurable Goal(s):**

Training occurs annually.

---

**BMP:IDDE Plan (Various Components)**

**BMP Number (Optional)** 3.6

**Completed**

**Document Name and/or Web Address:** <http://thinkbluesuncook.org/>

**Description:**

Components will include provisions dealing with: illegal dumping and septic system inspection program for failed septic systems.

**Responsible Department/Parties:** Road Agent

**Measurable Goal(s):**

Limit illegal stream dumping and provide provisions for inspections of failed septic systems.

BMP Number (Optional) 4.2

Written procedures completed (by year 3)

Document Name and/or Web Address:

**Description:**

Written procedures for site plan review. Procedure in place prior to issuance of the MS4 permit. Pembroke already utilizes site plan review process as outlined by NH State law.

Responsible Department/Parties:

**Measurable Goal(s):**

Conduct site plan review of 100% of projects according to the procedures outlined above.

---

**BMP: Site Inspections and Enforcement of Sediment and Erosion Control Measures Procedures**

BMP Number (Optional) 4.3

Completed (by year 3)

Document Name and/or Web Address:

**Description:**

Complete written procedures of site inspections and enforcement procedures. This will be added to the regulatory framework regarding erosion control measures.

Responsible Department/Parties:

**Measurable Goal(s):**

Inspect 100% of construction sites as outlined in the above document and take enforcement actions as needed.

---

# MCM 5

## Post Construction Stormwater Management in New Development and Redevelopment

Permit Part 2.3.6

**Objective:** The objective of an effective post construction stormwater management program is to reduce the discharge of pollutants found in stormwater to the MS4 through the retention or treatment of stormwater after construction on new or redeveloped sites and to ensure proper maintenance of installed stormwater controls.

**Examples and Templates:**

Examples and templates relevant to MCM 5, including model ordinances and bylaw review templates and guidance can be found here: <https://www.epa.gov/npdes-permits/stormwater-tools-new-england#pcsm>

**Department Responsible for Enforcement:**

---

**BMP: Street Design and Parking Lot Guidelines Report**

**BMP Number (Optional)** 5.2

**Completed** (by year 6)

**Document Name and/or Web Address:**

**Description:**

Develop a report assessing requirements that affect the creation of impervious cover. The assessment will help determine if changes to design standards for streets and parking lots can be modified to support low impact design options.

**Responsible Department/Parties:**

**Measurable Goal(s):**

Recommendations are implemented by 2024 with progress reported annually.

---

**BMP: Green Infrastructure Report**

**BMP Number (Optional)** 5.3

**Completed** (by year 6)

**Document Name and/or Web Address:**

**Description:**

Develop a report assessing existing local regulations to determine the feasibility of making green infrastructure practices allowable when appropriate site conditions exist

**Responsible Department/Parties:**

**Measurable Goal(s):**

Recommendations are implemented by 2024 with progress reported annually.

---

**BMP: List of Municipal Retrofit Opportunities**

BMP Number (Optional) 5.4

Completed (by year 6)

Document Name and/or Web Address:

**Description:**

Complete an inventory and priority ranking of permittee-owned property and existing infrastructure that could be retrofitted with BMPs designed to reduce the frequency, volume and pollutant loads of stormwater discharges to its MS4 through the mitigation of impervious area

Responsible Department/Parties:

**Measurable Goal(s):**

The list is completed by 2024 and updated as needed.

**BMP:As-Built Plans for On-Site Stormwater Control**

BMP Number (Optional) 5.5

Completed

Document Name and/or Web Address:

**Description:**

The procedures to require submission of as-built drawings and ensure long term operation and maintenance will be a part of the SWMP.

Responsible Department/Parties:

**Measurable Goal(s):**

Require submission of as-built plans for completed projects

## Good Housekeeping and Pollution Prevention for Permittee Owned Operations

Permit Part 2.3.7

**Objective:** The permittee shall implement an operations and maintenance program for permittee-owned operations that has a goal of preventing or reducing pollutant runoff and protecting water quality from all permittee-owned operations.

**Examples and Templates:**

Examples and templates relevant to MCM 6, including SOP templates for catch basin cleaning, street sweeping, vehicle maintenance, parks and open space management, winter deicing, and Stormwater Pollution Prevention Plans can be found here: <https://www.epa.gov/npdes-permits/stormwater-tools-new-england#gh>

## PERMITTEE OWNED FACILITIES

### BMP: Parks and Open Spaces Operations and Maintenance Procedures

BMP Number (Optional) 6.1

Written Document Completed (by year 4)

Document Name and/or Web Address:

**Description:**

Identify and create written O&M procedures including all requirements contained in 2.3.7.1 for parks and open spaces.

Responsible Department/Parties:

**Measurable Goal(s):**

Implement the SOP listed above on 100% of the parks and open spaces.

**Properties List (Optional):**

### BMP: Buildings and Facilities Operations and Maintenance Procedures

BMP Number (Optional) 6.2

Written Document Completed (by year 4)

Document Name and/or Web Address:

**Description:**

Identify and create written O&M procedures including all requirements contained in 2.3.7.1 for buildings and facilities.

Responsible Department/Parties:

**Measurable Goal(s):**

Implement the SOP listed above on 100% of buildings and facilities.

**Properties List (Optional):**

### BMP: Vehicles and Equipment Operations and Maintenance Procedures

BMP Number (Optional) 6.3

Written Document Completed (by year 4)

**Document Name and/or Web Address:**

**Description:**

Identify and create written O&M procedures including all requirements contained in 2.3.7.1 for vehicles and equipment.

**Responsible Department/Parties:**

**Measurable Goal(s):**

Implement the SOP listed above for 100% of vehicles and equipment according to the above document.

**Properties List (Optional):**

## INFRASTRUCTURE

### BMP: Infrastructure Operations and Maintenance Procedures

**BMP Number (Optional)** 6.4

**Written Procedure Completed (by year 4)**

**Document Name and/or Web Address:**

**Description:**

Establish and implement program for repair and rehabilitation of MS4 infrastructure

**Responsible Department/Parties:**

**Measurable Goal(s):**

100% of infrastructure is maintained to ensure proper function in accordance with the procedures above.

### BMP: Catch Basin Cleaning Program

**BMP Number (Optional)** 6.5

**Written Procedure Completed (by year 4)**

**Document Name and/or Web Address:**

**Description:**

Establish schedule for catch basin cleaning such that each catch basin is no more than 50% full and clean catch basins on that schedule.

**Responsible Department/Parties:**

**Measurable Goal(s):**

All catch basins are cleaned in accordance to the document above such that no catch basin is more than 50% full at any given time.

**BMP: Street Sweeping Program**

**BMP Number (Optional)** 6.6

**Written Procedure Completed (by year 4)**

**Document Name and/or Web Address:**

**Description:**

Sweep all streets and permittee-owned parking lots in accordance with permit conditions. Identify contractor, explore potential for partnering with Pembroke for cost efficiencies.

**Responsible Department/Parties:**

**Measurable Goal(s):**

Annually sweep 100% of all streets and 50% of all municipal parking lots in accordance with the schedule listed above.

**BMP: Winter Road Maintenance Program**

**BMP Number (Optional)** 6.7

**Written Procedure Completed (by year 4)**

**Document Name and/or Web Address:**

**Description:**

Establish and implement a program to minimize the use of road salt

**Responsible Department/Parties:**

**Measurable Goal(s):**

Evaluate at least one salt/chloride alternative for use in the municipality; monitor salt usage by municipality.

**BMP: Stormwater Treatment Structures Inspection and Maintenance Procedures**

**BMP Number (Optional)** 6.8

**Completed (by year 4)**

**Document Name and/or Web Address:**

**Description:**

Establish and implement inspection and maintenance procedures and frequencies.

**Responsible Department/Parties:** Road Agent

**Measurable Goal(s):**

Inspect and maintain 100% of treatment structures to ensure proper function.

**BMP: SWPPP**

**BMP Number (Optional)** 6.9

**Completed (by year 4)**

**Document Name and/or Web Address:** <http://thinkbluesuncook.org/>

**Description:**

Create SWPPPs for maintenance garages, transfer stations, and other waste-handling facilities.

**Responsible Department/Parties:** Road Agent

**Measurable Goal(s):**

Develop and implement SWPPPs for 100% of facilities.

**BMP: Evaluate the Use Schedule of the Zoning Bylaw**

**BMP Number (Optional)** 6.10

**Completed**

**Document Name and/or Web Address:** <http://thinkbluesuncook.org/>

**Description:**

Review Zoning Ordinance for potential changes each year

**Responsible Department/Parties:** Planning Board

**Measurable Goal(s):**

Conduct review of ordinance annually, noting any needed changes.

**BMP:**

**BMP Number (Optional)** 6.11

**Completed**
